ORGANIZED BALL MUST SUE FOR PEACE, SAYS OUTLAW LEAGUE HEAD

Federal League Is in This Fight to a Finish," Declares George Ward, Tiptop Owner-No Quarter Will Be Asked by Invaders. No Matter What Happens.

Organized baseball must sue for peace or stack its finances against he resources of the Federal League promoters. No quarter will be asked y those who have in keeping the cause of the independent circuit. Such, th least, is the opinion of George S. Ward, vice president of the Brooklyn ederal League club.

"The Federal League has done much better than it ever dreamed at he start," said he. "We figured that we would have to go along for a year r two with all going out and nothing coming in. We were willing to take hat risk because we had faith in the future of the national pastime.

"We spent our money and spent it liberally to provide a fitting home for our patrons. This home will be ready next Monday afternoon, in schedale time for our allotted opening. Now does organized baseball think we are foolish enough to squander a fortune on any uncertainty?
